

OKLAHOMA STATE REGENTS FOR HIGHER EDUCATION

Improving our future by degrees

February 27, 2009

Re: 2009 Summer Academies

Enclosed is a poster announcing the 2009 Summer Academies. Please display the poster in a prominent location that will be seen by middle school, junior high, and high school students or their parents.

Twenty-two **FREE** Summer Academies will be held this summer at different Oklahoma colleges and universities. These math, science and technology academies are for **Oklahoma residents** who will be **entering the 8th – 12th grades in the fall 2009**. Highlights and subject areas from some of the academies include: robotics, forensics, aerospace, Oklahoma's energy sources, biotechnology, engineering, creating video games and more!

To obtain general information as well as contact information about each academy, the students may visit our web site: www.okhighered.org/summer-academies. If unable to access the Internet, students, parents, or teachers may call **1-800-858-1840** for information to be mailed. Encourage your students to APPLY EARLY because these academies fill up fast.

Thank you for your assistance in sharing the information about these Summer Academies.

Sincerely,

Cindy

Cynthia Brown, Ed.D.
Director for Student Preparation
